Activity Goal: E-commerce Customer Support

Date of Submission: September 27, 2026

1. Project Task & Objectives

As per the IBM SkillsBuild Activity guidelines, this project demonstrates a fully functional, ethical customer-support chatbot embedded inside a responsive modern shop webpage. The chatbot welcomes shoppers, helps answer common inquiries, guides product selection, offers promotional discounts, checks store opening hours, simulates package tracking, and connects customers with human support without collecting any sensitive personal data.

2. Minimum Chatbot Flow Implementation

The conversation lifecycle is structured according to the standard IBM 6-step flow:

1. Welcome

2. Ask Needs

3. Show
Choices

4. Useful Info

5. Next Option

6.
Support/Bye

3. The 5 Core Conversation Paths

Path	User Needs & Queries	PulseBot Response & Interactive Features
1. Product Information	Clothing materials, sizing guide, organic certifications, best-sellers	Presents organic cotton details, fit tips, interactive chest/waist measurement table, and direct "Add to Bag" buttons.
2. Store Timings	Operating hours, weekend schedule, holidays, store location	Details Mon–Fri 10am–9pm, Saturday extended hours (10am–10pm), Sunday hours, and Flagship Gate 3 pickup directions.
3. Offers & Deals	Discount coupons, student promotions, first-order savings	Provides verified promo codes: WELCOME15 (15% off), STUDENT20 (20% student discount), FREESHIP50.
4. Order & Delivery Help	Track package, delivery speeds, 14-day return & exchange policy	Includes a simulated live tracking lookup (ORD-101, ORD-202, ORD-303) with an animated progress bar and returns rules.
5. Contact Support	Escalate to human associate, customer care helpline, email	Provides toll-free line 1-800-785-PULSE, official support email, and generates a simulated callback ticket ID (#TICK-XXXX).

4. Testing & Verification Matrix

Test Scenario	Action / Input	Observed Bot Behavior	Status
Initial Greeting	Open Chat widget	Friendly welcome bubble with 5 quick-reply chips	PASS
Schedule Inquiry	Click "Store Timings"	Weekday, Saturday, and Sunday hours listed clearly	PASS
Coupon Application	Click "WELCOME15"	Applies 15% discount to cart subtotal automatically	PASS
Order Tracking Lookup	Type "Track ORD-101"	Renders visual timeline showing "Out for Delivery"	PASS
Privacy Compliance	Inspect input & storage	Zero passwords, credit cards, or personal data collected	PASS

5. Actual Live Website & Chatbot Screenshots

Below are high-resolution screenshots captured directly from the published UrbanPulse Outfitters e-commerce storefront and the dedicated AI customer-support chatbot:
